## WILLIAM J. HUBER JOINS CATALYST IT SERVICES AS PRESIDENT

William J. Huber joined Catalyst on July 23, 2007 as President. In this role, he is responsible for all operations, including sales, delivery, and for ensuring we are always exceeding our clients' expectations.

Before joining Catalyst, Mr. Huber spent three years with Tatum, LLC, a national executive services firm, where he most recently held the position of National Practice Leader, Technology Consulting. As such, he was responsible for firm-wide technology leadership consulting services. Prior to Tatum Mr. Huber was with the SPX Corporation (formerly DSFX/Vance International), where he held a series of positions, the last of which was Chief Information Officer & Managing Director, Digital Security & Investigations. As such, he managed operations of a business unit providing security products and consulting services worldwide. Earlier in his career, Mr. Huber worked for Metro Information Services, an IT consulting company, where he built a new business unit providing custom software development and project-based professional services.

Mr. Huber has a BS in Information Systems Management from the University of Maryland.

Michael Rosenbaum, who had been Chairman, CEO, and President, will now hold the titles of Chairman and CEO and will be responsible for the company's strategic direction and leadership.

## ABOUT CATALYST IT SERVICES

Catalyst IT Services is the leading onshore alternative to offshore information technology outsourcing. Through our regional development centers in the United States, we offer application life cycle development, implementation and support, and quality assurance and testing solutions to Fortune 500 and middle-market clients.

We are able to provide flexible solutions from our domestic facilities or on client sites with communication, control and consistent quality unattainable by our overseas competitors, at a cost unmatched by our domestic competitors. How do we do it? Through data-based labor arbitrage, a proprietary system that allows us to find the very best programming talent undiscovered by our competitors. Using our deep expertise in both leading edge and legacy technologies, we are able to deploy the appropriate

technology to solve our clients' business challenges, while providing the convenience, flexibility, and control our clients can enjoy only with a local partner.
