

FOR IMMEDIATE RELEASE

September 2007

CATALYST IT SERVICES PART OF TEAM AWARDED ENTERPRISE SYSTEMS DEVELOPMENT CONTRACT AT CENTER FOR MEDICARE AND MEDICAID SERVICES

Catalyst IT Services is part of a select number of teams awarded the Enterprise Systems Development (ESD) contract at the Center for Medicare and Medicaid Services to provide a variety of IT software services to CMS over the next 10 years. CMS is expecting to procure a majority of its information technology services, up to \$4 billion, through this vehicle. The prime contractor for the winning team of which Catalyst IT Services is a part is QSSI.

(Mike – the small business award – 8 firms were awarded - is limited to Phase I – Initiation and Planning, Phase II – Requirements, Phase 5 – Test Services and “ESD Support Services”, which includes user documentation, user training, ESD Product Management Services, ESD Program Management Services, and ESD Test Coordination Services. The large business awards – also awarded to 8 firms – includes Phase 3 – Design, Phase 4 – Development and Phase 6 – Maintenance Services.)

The ESD contract is part of CMS’s strategy to transform the way it uses information technology, and in the process transform the quality and cost of care for Medicare and Medicaid beneficiaries as well as for healthcare delivery throughout the United States.

ABOUT CATALYST IT SERVICES

Catalyst IT Services is the leading onshore alternative to offshore information technology outsourcing. Through our regional development centers in the United States, we offer application life cycle development, implementation and support, and quality assurance and testing solutions to Fortune 500 and middle-market clients.

We are able to provide flexible solutions from our domestic facilities or on client sites with communication, control and consistent quality unattainable by our overseas competitors, at a cost unmatched by our domestic competitors. Using our deep expertise in both leading edge and legacy technologies, we are able to deploy the appropriate technology to solve our clients’ business challenges, while providing the convenience, flexibility, and control our clients can enjoy only with a local partner.
